

SUPER
MARIO MAKER[™] 2

KIDS, ASK A GROWN-UP FOR HELP

- 1 Fold page 1 in half along the solid line, then cut four slits along the dotted lines
- 2 Cut out the characters and items from page 2 along the dotted lines.
- 3 Tape or glue pieces to page 1 to "build" your Super Mario course.
- 4 Put your Super Mario Maker 2 diorama on display. It would make a cute greeting card, too!
